Dear Friends of Home Based Arts,

Currently, along with developing a book about Charles Kettering funded by the Kettering Family Foundation, we're working on **Dayton Dances and Sings**—all about our local arts and theatre including topics like the Dayton Ballet and symphonic orchestra, Victoria Theatre and the Schuster. Also under development are the **Negro League Baseball Teams**, and a book about **Law**. Imagine the impact on school kids when they learn about these important parts of our world.

But we **need your help**.

With support from friends like yourself and community organizations we have distributed over 325,000 books to kids in our community. With continued support we will develop these 3 new Learning Activity Books and carry on our mission.

Home Based Arts USA, has three simple but very important goals for our next fiscal year. They are as follow:

- Reach as many students as possible, regardless of their individual learning style.
- Build sight vocabulary, comprehension and better the Student's reading skills along with developing pride in their local history.
- Through a creative and fun environment, make classroom manageability easier.

Dayton Public Schools needs books for Children, educators and parents. Other Miami Valley educators in the schools clamor for these,—but funding is short this year. We'd so like to add these new volumes to the over 325,000 books we've already put in the hands of children in our area.

Will you help? A kind donation of ANY denomination will keep these books moving through development, then to printing, and then teacher training and into the hands of the kids—the real winners here.

Please consider us for funding this year.
